## KIM MINAHAN

A TRIPLE TREAT — SINGER, DANCER, ACTRESS

by Missy Cheaney

Planning to study jazz in Hollywood, California next summer, Kim Minahan was one of 6 lucky qualifiers for a Joe Tremaine Jazz Scholarship.

A dancer for nearly 12 years, Kim plans on entertaining professionally after graduation from Naples High. The 3 schools she is interested in are Oklahoma City University, Indiana University, or Tennessee State University.

During the summer she practices dancing 5 days a week, and sometimes almost 10 hours a day. But between school and her job as hostess with the Naples Dinner Theater, she only practices 2 hours a day, 3 days a week.

Kim prefers jazz, but also has studied ballet, tap, a little clogging, and Irish step dancing. She has won 42 medals in Irish dancing, 9 trophies and a chance at 2 world championships in Dublin, Ireland.

Chip Ryder of the DC Repertory Company is Kim's favorite partner, but she would like to dance with the famous dancer Joe Tremaine.

Kim is also an outstanding singer and actress. Her favorite song is "I've Gotta Be Me" because "...it has meaning." A song that has especially touched her is "Tomorrow" from the play "Annie" because "...it tells a story, and if you really listen to the words, it will mean something to you personally."

After the Barbara Mandrell concert in Fort Myers Oct. 27, Kim met her long-time idol and told Miss Mandrell that she wanted to enter show business. Miss Mandrell encouraged Kim, telling her she "has the look," and gave her a hug. Kim was ecstatic for days.

Don Mattson, Kim's voice coach taught her how to really "sell a song" and perform. She also receives training from Anita Boqvist. The actors, actresses, directors and musicians at the Naples Dinner Theatre have also taught her many things.

Kim is not registered at an agency, but is looking. She has performed in the "Sound of Music," "Fiddler on the Roof," "Wait Until Dark," "Gypsy," "Annie Get Your Gun," "California Suite," "South Pacific," "My Fair Lady," and "Plaza Suite" for the Naples Dinner Theater. This season she will perform in "Forty Carats" and "Carousel."

Kim has big plans for this January, but we are unable to announce them at this time...

## EXPLORERS

### EXPLORERS HELP STOP CRIME

The Naples Law Enforcement Explorer Post is helping to stop crime by selling tags for key rings with the Collier County Sheriff's Office address on them, and guaranteed postage if the key ring is dropped in a mailbox.

Say you lose your keys while out shopping. If you don't have a name and address tag on them, they will probably never be returned to you. However, if you do have your name and address on them, and a not-so-honest-downright-dirty person picks them up — your house may be robbed — soon.

So for \$1, your keys are numbered and the number listed with the Sheriff's Office. If your keys are found, the Explorers can look up the number and call you.

They may be purchased from an Explorer, Youth Relations deputies, or by calling Deputy Karen Riley at Gulf View Middle School, 262-2453; Corp. Jim Hansen, Lely High, 774-7224, or the Sheriff's Office, 774-4434.

Help the Explorers stop crime.

### STUDENTS TO REPRESENT COLLIER COUNTY AT STATE ECOLOGY CONTEST

by Charlie Tripp

Members of the Golden Gate 4-H Explorers will be representing Collier County at the State Ecology Contest to be held at Oscar Scherer State Park, near Sarasota, on November 12th. The group is led by Mrs. Martha Hetzel. They will be required to work in 2 teams, with all team members required to compete in all 5 contest categories.

The first category is a forest values question sheet asking 20 questions. The other four categories require the contestants to identify things in the park. One category has 20 of Florida's 314 native trees. Another has 20 of the over 3,000 Florida native plants. They also must identify 20 plant diseases and 20 ecological area features.

Right now the group is preparing for the contest. I will list the team members and the contest results next month. **GOOD LUCK EXPLORERS!**

## SALUTE TO THE ARTS

**SATURDAY, NOV. 12** — The Naples Fine Arts Society will present a "Salute to the Arts" at Coastland Center from 10 a.m. to 9 p.m. Information and display booths, along with gymnastic performances, singing, dancing, even a mini-opera will highlight the day.

## MOVIE REVIEWS

by Erik Keller

"Never Say Never Again" is really Bond at his best. Sean Connery playing a stunning role. This is a movie I highly recommend for all ages.

"Hercules" is probably the stinkiest movie yet this season. Lou Ferrigno (the former Incredible Hulk) stunk. He didn't know half his lines. This movie will not be considered made in Hollywood, but off Hollywood, I think.

## LOVERBOY CONCERT

••

## REVIEW

by Missy Cheaney

"Are any of you girls out there in Love?" asked Mike Reno, lead singer of the group Loverboy. The audience exploded into excitement as the tune "Hot Girls in Love" began. Loverboy performed at the Lee Civic Center to a sold out and PACKED audience.

"Loverboy" guitarist

After the warm-up group "Zebra" (who has been seen on M-TV), a 45-minute wait was ahead before Loverboy appeared. The band members were very recognizable in their leather pants and multi-colored bandanas. They were alert and full of enthusiasm.

The special effects were amazing, as laser beam lights shot around the arena, smoke filled the stage, and a light cocoon surrounded the individual band members.

The audience danced and sang along. They played such songs as "Queen of the Broken Hearts," "Working for the Weekend," and a song that as Mike Reno said, "...comes right from my heart" called "When It's Over."

After the concert, the tired band returned for an encore. They did a fantastic job and hopefully will return for a second show.

## AMERICAN INDIAN DAYS

## SEA GATE 4-H

by Sonja Craparo

The meeting is called to order at 3:00. Please stand for the Pledge of Allegiance. Now stand for the 4-H Pledge. I joined the Sea Gate 4-H group. Our president is Nicky Cunningham, vice president is Sonja Craparo, leader Debbie Dudley. Some of the things we will be doing this year include wildlife, family and community, camping, and many other things. We are already learning about the 4 food groups.

## POETRY WINNERS

by Pilar Cortez

On October 15, at Coast Federal Savings & Loan, the Poetry Guild of South Florida held its first annual Poetry Contest Awards Ceremony. In the elementary division, the winners are: 1st — "Red Balloons" by Joseph Chello; 2nd — "Haiku Poem" by Kevin Osburn; 3rd "Freckles" by Ryan Youngblood.

In the middle school division the winners are: 1st — "Sorrow" by Betty Jo Estrada; 2nd — "To Be A Teen" by Karen Alger; 3rd — "A Dream" by Bo Composano.

And in the high school division, the winners are: 1st — "Take A Little Time" by Amy Wenzel; 2nd — "Silent Dawn" by Pilar Cortez; 3rd — "Answers" by Paul Raca.

Many poems were read by guest speakers and the winners also read their poems to the audience. There was even a little collo music played by Joseph Chello, one of the poetry winners. It was a rewarding experience and we hope more students display their talent next year.

Here is Pilar Cortez's 2nd place winning entry.

## DEAR KIDS NEWS

Dear Kids News:

I was wondering if you would like any cartoons for your paper? And if you would, how would I do it? Would I send it in on a piece of paper like usual or what? From B.S.

Yes, Kids News is always interested in contributions. Drawings must be in **BLACK** ink on white paper. **DO NOT** use a pencil. **DO NOT** use crayons or color them in any way. If the cartoon is too big for 1 column in Kids News, we can have it reduced.

Cartoons and drawings must be **PMT**ed (PMT — photo mechanical transfer) in order to reproduce in the newspaper — that is why they must be in **BLACK** ink. Pencil and crayon do not **PMT** well.

Our deadline is the 25th of each month. For example, if you want something to be in the December issue, we must receive it by November 25th. Send to Kids News, P.O. Box 45, Naples, FL 33939.

## RECYCLE & SAVE ENERGY

by Charles Tripp

(This is the third article in a series by Charles Tripp, part of a program on conservation leading to the Boy Scout Hornaday Award.)

Did you know it takes 95% less energy to make aluminum from recycled materials than from raw materials? Did you know that you can earn almost a penny a can to help your savings or your favorite charity? All you have to do is save all your aluminum beverage cans, foil trays, pie pans and other aluminum items. You can take them to the Naples Shopping Center any Friday morning from 9-12:00. The aluminum truck will pay you 28 cents a pound for your collection. Many local churches as well as the Humane Society and the Animal Rehabilitation Center at Big Cypress Nature Center have bins to collect your aluminum if you wish to donate it. Aluminum recycling is an easy way for everyone to save our energy resources.

Newspapers can be recycled at the Jaycees trailer parked at Central Mall. Clothing and magazines can be donated to many thrift shops or garage sales or the Goodwill Collection Station behind Coastland Mall. Garbage can be recycled by making compost piles.

Let's all recycle to save energy and earn money for ourselves or to help charities.

The Bike-A-Thon for St. Jude's Children's Hospital was held in October at Gulf View Middle School. Here 2 kids spend their time to help raise money for other kids less fortunate.

## VIDEO REVIEW: MINER 2049'ER

by T.L. Lawrence

"Miner 2049'er" has got to be one of the most popular arcade hits in the home video market. It was born on the Atari 800 home computer. Then some big companies decided to translate the game to other systems. Big Five Software (the original manufacturer of "Miner") does the Atari computer versions, Microfun does the Apple, IBM-PC, and ColecoVision versions, Reston Software does the Commodore 64 and VIC 20 versions, and Tigervision programmed the Texas Instruments computer and the Atari VCS versions.

In "Miner," you, as Bounty Bob, are going through a mine shaft occupied by mutants (easily to touch), and miners' gear. Here the game borrows a little from "Pac-Man": When you grab any of the various pieces of gear, the mutants turn green, and you can walk on them to destroy them. The whole game idea is kind of like a reverse Pac-Man, though Pac-Man must clear the screen of dots, the Miner must fill up all the platforms by climbing up ladders a la Donkey Kong. Some other interesting things to deal with are the elevators, chutes, the cannon, a radioactive dump site, and a sort of fork lift thing on screen 8. All together there are 10 screens in a number of zones.

More of the adventures of Bounty Bob are on their way. "Scrapie Caper" is next. So grab those joysticks and help Bounty Bob stomp those mutants!
